

Morris Township Volunteer Fire Company

Application for Membership

I, _____, am applying for membership in the Morris Twp. Volunteer Fire Dept.

By my signature, I agree to abide by the By-Laws of the company after reviewing them and to show proof of prior training and/or licensure.

I understand that I will be on probation for six months, must participate actively in training, fund raising, and upkeep of the company. I also understand that no extensive training will be paid by the company until one year of service is completed. The company will reimburse me for any training I pay for myself.

I understand that my acceptance into the company will be contingent upon recommendations of the Membership Committee and ballot vote of the company which will vote on at the next regular meeting after the application is brought before the membership.

I understand that once I join any money spent on myself by the Fire Department be it training or anything else will be repaid to the Fire Department if I become inactive within two years.
